ARTICLE 41 – LAYOFF PROCEDURES

I. Statement of Intent:

Public interest may require the elimination, curtailment, or reorganization of Public Service activities which in turn, may require the City Council to take action to layoff one or more employees.

A. Whenever, in the judgment of the City Council, it becomes necessary to abolish any position of employment, the employee holding such position of employment may be laid off or demoted pursuant to the provisions of this agreement.

II. Definition:

A. Layoff: A layoff is the involuntary separation or reduction of a regular employee to a position in a lower classification without fault of the employee.

B. Causes for Layoff:

1. If a function is to be discontinued, curtailed, mechanized or operated by a different method.
2. Reorganization.
3. Budget reduction.
4. Termination or decrease in funds and or materials for projects or programs.
5. The mandatory reinstatement of an employee.

C. Classification: All positions in the classified services shall be part of a classification plan established and maintained by the Human Resources Department. It shall provide grouping of positions by commonality of duties responsibilities and function.

D. Job Series: A group of classifications similar with respect to the duties performed but different in terms of the nature and level of responsibilities performed. Within each job series, it is possible to categorize classification by class level i.e. I, II, or III.

- E. Seniority: Seniority for the purpose of determining order of layoff shall be defined as total accumulated continuous time served in regular and probationary status in the City classified service. Should it become necessary to layoff by seniority, those employees with least service in the affected classification shall be laid off or demoted:
- a. First by classification; and
 - b. Second, to displace an employee, by Total City service, including time served on military leave of absence in the armed forces of the United States. In order to bump into a former or lower class:
 - a) An employee must have more Total City service than at least one of the incumbents in the affected class and request displacement action in writing to the Human Resources Director within five (5) working days of receipt of notice of layoff.
 - b) Employees bumping to a lower class shall be placed at the salary step representing the least loss of pay. In no case, shall the salary be increased above that received in the class from which the employee was laid off.

When two or more employees have equal seniority, the layoff shall be made at the sole discretion of the appointing authority.

III. Notification: Employees to be laid off shall be given, whenever possible, 45 calendar days prior notice, but no less than 30 calendar days notice. The union shall be provided with a copy of the affected classifications and seniority list by classification of all affected employees within bargaining unit at least 30 days prior to its effective date.

IV. Order of Layoff: In each classification, employees shall be laid off according to employment status in the following order:

- A. Seasonal/temporary part-time, contract, and or provisional employees performing services similar to classifications affected by layoff shall be terminated before any reduction in the regular work force. Likewise, other grant-funded employees shall be terminated in affected classifications, in accordance with federal or state rules or guidelines governing such funding programs.

- B. Probationary employees and employees holding an interim position, who have regular status in another classification, shall revert to their former classification in the City to determine layoff rights.
- C. Regular employees subject to layoff shall be based on seniority of service within that classification. For example, the employee being laid off or displaced from a classification shall be the employee in the affected classification with the least amount of time served in the affected classification.

The order of layoff within a classification subject to a layoff shall be based on seniority of service within that classification. The employee being laid off or displaced from a classification shall be the employee in the affected classification with the least amount of City service.

- V. **Layoff Procedures:** The layoff procedure is intended to minimize the impact of staff reduction on City services and ensure that employees are treated fairly in the process of layoff.

The procedure for lay off, once the number of positions to remain by classification has been determined, shall be as follows:

- 1. Except as otherwise provided herein, whenever there is a reduction in the work force, the appointing authority shall demote the affected employee to a vacancy, if any in the lower class for which the employee is qualified. All persons so demoted shall have their names placed on the reemployment list for the higher class.
- 2. An employee affected by layoff shall have the right to displace an employee who has less seniority in a lower classification in which the affected employee once had regular status. For the purpose of this section:
 - a.) Seniority shall be time served in a classification as defined in Section (II) E herein except;
 - b.) When an employee has been displaced from a classification, the seniority for that displaced employee shall then include, for further layoff purposes, Total City seniority as in Section II (E) herein, to include all time served in the classified service in related classifications affected by the layoff. For the purpose of this section, seniority shall be all periods of full-time service at or above the classification level where the layoff is to occur.

3. If a classification title is changed due to a reclassification, the employee shall retain bumping rights to the previous classification and series.
4. An employee is eligible to bump to a lower classification within job series in which he/she has achieved regular status. For example:

Employee “A” is hired in as a Lead Maintenance Worker and achieves regular status; however, never worked as an Maintenance Worker II. Employee “A” may bump employee “B” in the lower classification of Maintenance Worker II, if Employee “A” has more Total City seniority.

5. Displaced employees are allowed to bump into a lower classification within the job series that they have not previously held, provided that the position did not exist when the employee was appointed to the position from which they are laid off and the employee meets the minimum qualifications.
6. Employees transferring or voluntarily demoting shall retain the same anniversary date as in their previous position for all purposes, including step advancement.

VI. Reemployment Lists: The names of persons laid off or demoted in accordance with these rules shall be entered upon a reemployment list. Lists from different departments or at different times for the same class of position shall be combined into a single list. Such list shall be used by the appointing authority when a vacancy arises in the same or lower class of position before employment is made from an eligible list.

VII. Duration of Reemployment List: Names of persons laid off shall be carried on a reemployment list for twelve months, except that the name of an individual reappointed to a regular position of the same class shall, upon reappointment, be dropped from the list. An individual who declines either a voluntary demotion or reemployment in a classification shall be dropped from that specific reemployment list. Persons reemployed in a lower class, or on a temporary basis, shall be continued on the list for the higher class for the balance of the twelve month period.

An individual that may be appointed from a reemployment list will be required to successfully pass a reemployment physical examination provided at City expense.

VIII. Terms and Conditions of Reemployment

Reemployment from a reemployment list to a previously held class shall be at the same step held at the time of layoff and at the current salary of that class at the time of reemployment.

In case of a voluntary demotion from a reemployment list, the employee so electing shall be paid at the highest step in the range for the lower class which does not represent an increase in salary from the salary which would have been effective had the employee been appointed to his/her previously held class; and in no case to exceed “top” step in the current salary range of the class to which the employee is appointed.

Employees reappointed from a reemployment list shall be credited with, at the time of reappointment, all accrued benefits at the time of layoff which was not compensated for at the time of layoff, provided that such accrued benefits shall not exceed established maximum at the time of reappointment.

IX. Retraining

The City will make reasonable efforts to provide retraining opportunities to laid-off employees that will qualify them in classifications not related to their former classification, and will attempt to place said laid-off employees in vacant positions in the City for which they are qualified.

During the twelve months following a layoff, laid-off employees shall be eligible to compete for in-house promotional examinations for positions for which they qualify.

CITY OF UPLAND
AND THE
SAN BERNARDINO PUBLIC EMPLOYEE ASSOCIATION
REPRESENTING THE
UPLAND GENERAL EMPLOYEES UNIT
TO AMEND
THE JULY 1, 2012 TO JUNE 30, 2013 CONTRACT**

The City of Upland (Upland) and the San Bernardino Public Employees Association (Association), representing the Upland General Employees Unit, met and conferred on the City's proposals related to employee concessions for the fiscal year 2013-2014. The following language sets forth the points of agreement reached between the City and the Association and ratified by Association members.

The Memorandum of Understanding (MOU) between the City and the Association expires on June 30, 2013. In order to address the need to engage in savings that cover fiscal year 2013-2014, the City and the Association agree to the following:

1. To extend the July 1, 2012 to June 30, 2013 Contract through June 30, 2015.
2. a) Effective July 1, 2013, each General Unit Member will no longer pay 2.4% towards the Employer PERS contribution. The previous 2.4% employer portion paid by the employee will be added to the 1.0% currently being paid to the employee portion contribution for a total of 3.4%.

b) Effective July 1, 2013, each General Employee Unit Member will pay 2.3% in addition to the 3.4% for a total of 5.7% towards the Employee PERS contribution. The City will report the EPMC value of 2.3% for all General Employee members to PERS.
3. Effective July 1, 2014 employees will pay additional 2.3% of the employee share of PERS. In addition, the City will no longer report the value of EPMC to CalPERS on behalf of any bargaining unit members.
4. The General Unit agrees to pay their Pers employee/member portion with the assurance that all bargaining units agree to pay the amount equivalent to the PERS employee/member contribution rate of either 8 or 9 percent within the terms of the other unit's MOUs. During the term of this Agreement, if the City agrees to allow any bargaining unit to reduce the payment of the employee/member contribution, this bargaining unit will be allowed to revert back to the Retirement Benefits as outlined in Article 8 as of December 1, 2012.
5. Effective July 1, 2013, employees who have other health coverage not with the City, will be able to receive a cash back option of \$300.00 per month from their cafeteria benefit amount of \$932.50. The cash received will be reflected as a special pay, taxable and not included as salary. Once the employee makes an election for this option during the annual Open Enrollment period for Health Benefits it cannot be changed, unless there is a qualifying event. Participating employees must sign a waiver that they understand and agree to these provisions.

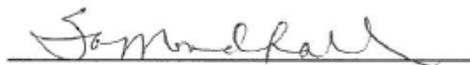

6. For All "New Members" of the Association As Defined by the California Public Employees' Pension Reform Act of 2013:

- a. The parties agree that the provisions of AB 340 (The California Pension Reform Act of 2013) went into effect on January 1, 2013. In addition, if there is any other clean up or other retirement legislation which goes into effect during this MOU and if there are provisions of that legislation which, by law automatically goes into effect, it shall do so. Either party may request to negotiate over the impact of such subsequent legislation.
- b. Two Tier Retirement: Pursuant to the Act, for "new members" (as defined by the Act) who are employees hired after January 1, 2013, they will be hired pursuant to the 2% @ 62 retirement formula.
- c. For "new members" (as defined by the Act) who are employees hired after January 1, 2013, final compensation will be based on the highest annual average compensation earnable during the three consecutive years of employment immediately preceding the effective date of his or her retirement.

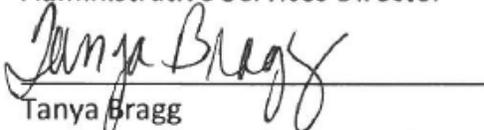

Employee Paid Retirement Contribution - For employees defined as "new members" by the Act hired after January 1, 2013, they shall pay one half of the total normal cost rate as defined by the Act as their employee retirement contribution. The parties' acknowledge that the City has been advised by CalPERS that through June 30, 2015, the employee portion (i.e., one half the total normal cost rate) of the normal cost rate is 6.75%. Thus, new members shall pay 6.75% as their retirement contribution.

7. Both parties agreed to a reopener for Health Care Reform during fiscal year 2014-15.
